

2015 POLITICAL CONTRIBUTIONS REPORTING

In 2015, Pentair made no Political Contributions. As defined in Pentair's Political Contributions Policy, such contributions generally include any corporate spending in the form of a gift, loan, advance or deposit of money to political candidates, political parties, organizations primarily engaged in political activities and ballot initiative organizations.

In addition, no U.S.-based trade association or other tax exempt organization to which Pentair made a payment of \$50,000 or more in 2015 reported to Pentair that any portion of that payment was used for political activity purposes, with the exception of two organizations, the Water Quality Association and the National Electrical Manufacturing Association, which used a portion of their funds for lobbying activities.

The Water Quality Association is a not for profit international trade association representing the residential, commercial and industrial water treatment industry. The National Electrical Manufacturing Association (NEMA) is not for profit trade association representing electrical equipment and medical imaging manufacturers.
